Anthropology of the Moderns

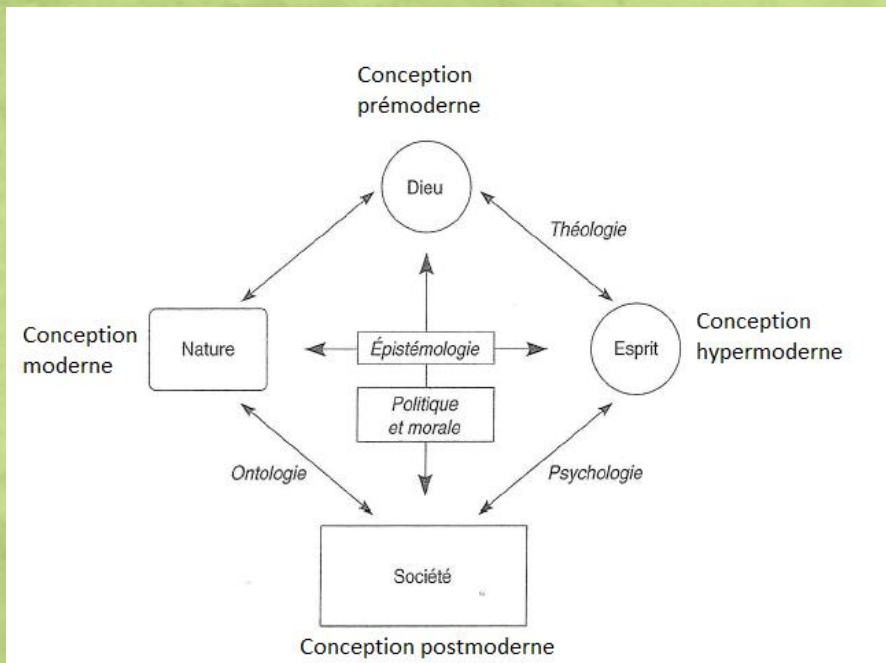

- Principles of organization
- Principles of direction
- Principles of action
- Principles of construction
- Principles of relations

Principles of organization

Are we the center of the universe?

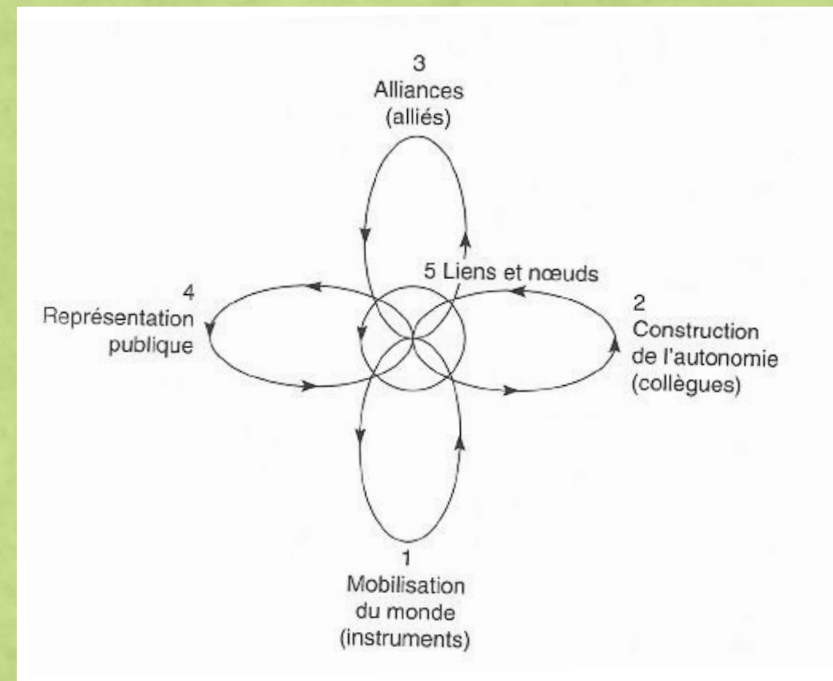

Principle of uniformity

- Matters of fact
- Frames and divisions

Principle of agnosticism

- Matters of concern
- Relations

Principles of direction

Are we looking backward or forward?

Principle of cause and effect

- Administration
- Stability

Principle of generalized symmetry

- Project management
- Movement

Principles of action

Are we overthinking our feelings?

Experimental principle

- Rationalization
- To put in words
- Or to picture it

Experiential principle

- Holistic

Principles of construction

Are we autocratic or democratic?

Principle of distance

- Critical distance

Principle of proximity

- Critical proximity

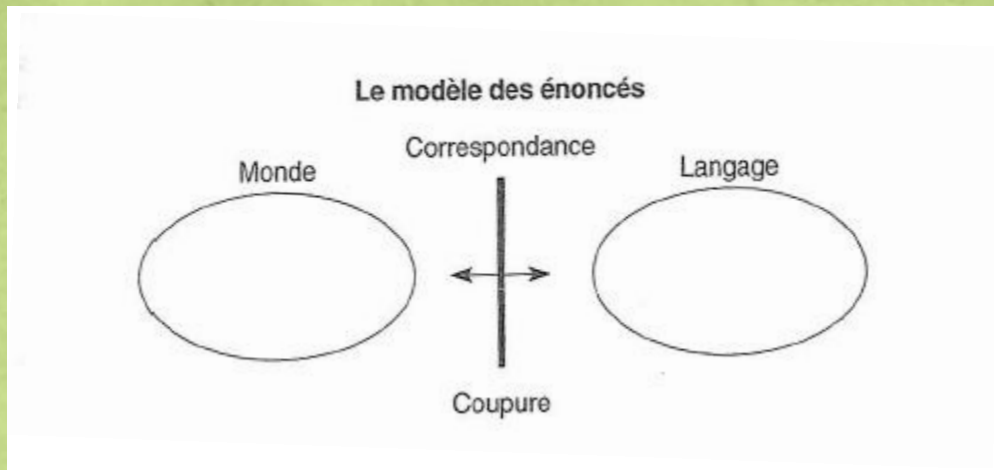

Principles of relations

Are we linked or connected?

Principle of correspondence

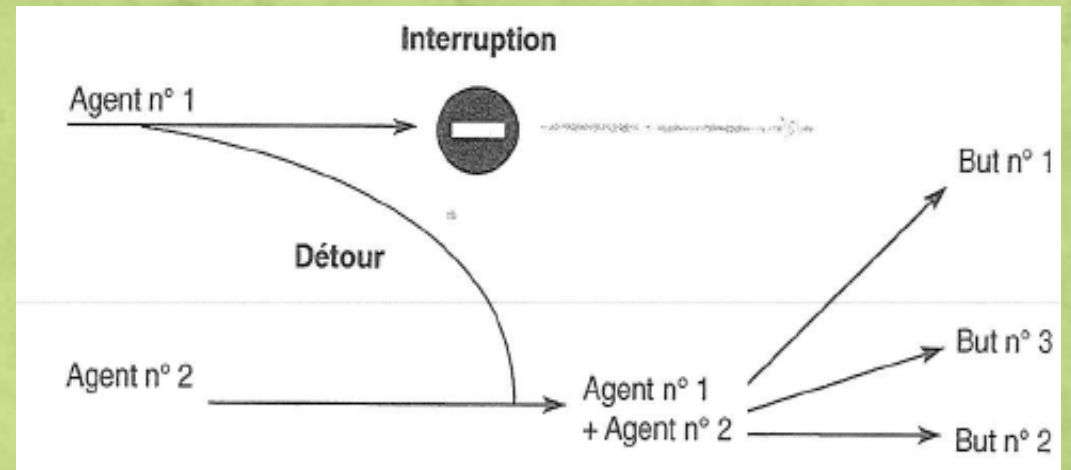

- Validation

Le modèle des énoncés, ([Latour, 2007b, p. 73](#))

Principle of translation

- Interests

L'interférence, premier sens de la médiation : la traduction de buts, ([Latour, 2007b, p. 188](#))

Conclusion for an alternative practice

- Collective project - cohesion
- Bring together - cooperation
- Align ours actions - coordination
- What do we have in common - facilitation
- Connect through interests - translation
